

2020/2021 Information

On Saturday November 7th Border City AC will be hosting a virtual conference entitled “Women Can – Women Empowering Women.” The aim of the conference series is the “encouragement and empowerment of women and minorities in coaching.” The event has an absolutely dynamite list of moderators and panelists (no joke, click the link below!), including Olympic and World Championship medalists, American and Canadian University coaches, and other experts from professional and amateur sports. \$20 to register, runs from 12:00pm to 4:15pm, and all proceeds will be donated to help outfit BIPOC girls in Windsor-Essex Country, from ages 10 to 14, with proper athletic footwear and to provide them opportunities to participate in athletics.

Click the link below for details and to register.

Hope all are doing well during these crazy times, and hope to see you all back on the track sooner than later!
